Attached are the Sanitary District No. 2 of Marin County Audited Financial Statements for the year ending June 30, 2009. The District's Financial Statements are presented on the enterprise basis of accounting while our budget is presented on the modified accrual basis of accounting. The Schedules on pages 24, 25, 26 and 27, show the conversion between the two methods. The District has three funds - the General Fund (201), the Capital Projects Fund (260), and the Sewer Connection Fee Fund (270). In the following discussion, the page numbers in parentheses reference the Management's Discussion and Analysis section of the Audited Financial Statements on pages 3 through 10. At the beginning of the year on July 1, 2008, cash available for expenditure totaled \$1,648,732 (page 4 - \$1,943,045 + \$<294,313>=). During the year, \$5,012,389 (page 6) was received in revenue and \$3,442,145 (page 7) was spent. Cash available for expenditure at year-end, June 30, 2009, totaled \$3,218,976 (page 4 - \$3,297,000 + \$<78,024> =). The lower half of the "Sewer Fund Summary" on page SF1 of the FY 2009-10 Budget ties to these numbers (Preliminary Opening Balance Estimate was \$3,179,600, - actual is \$3,218,976, which is \$39,376 more than estimated).
